

E-Z Parking

reinventing the way we use park
decks.

Here at company Group 9, we have devoted our time to create an easier way for people to park in parking decks.

How does it work?

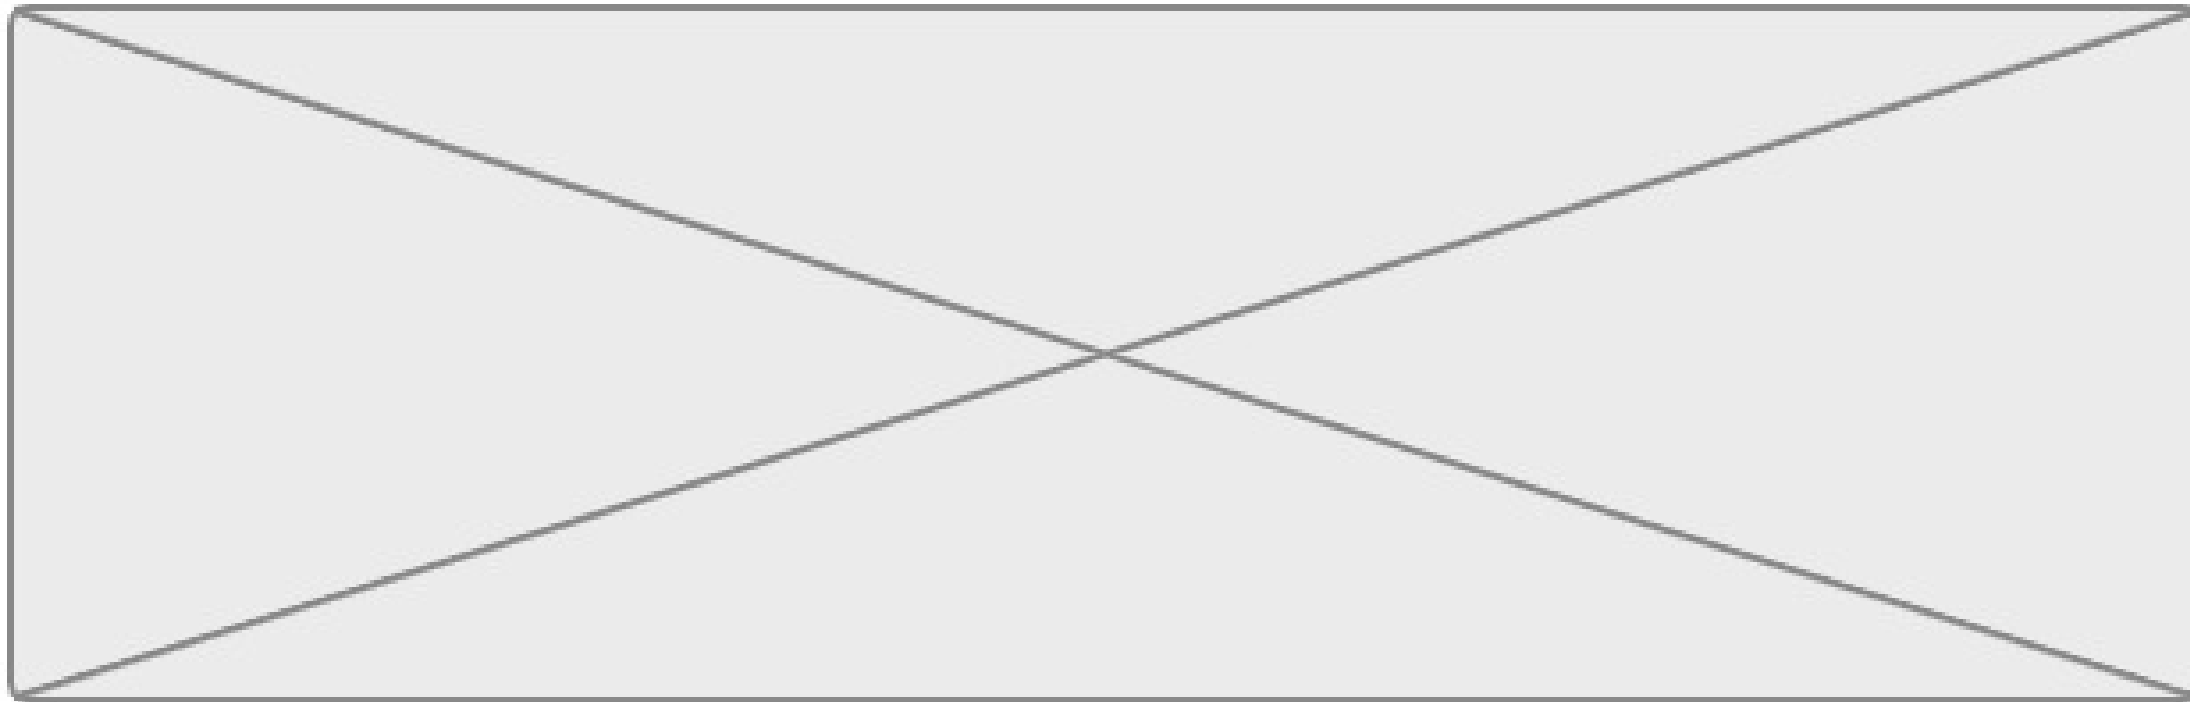

It's easier for people to find a parking spot at a particular level in the parking deck.

In oder to keep things running well, we have a lincense plate reader that reads every car that comes in. Before entering the deck they will be asked what floor they would like to park in, as well as how many parking spots are available in that floor.
